

REDBACK

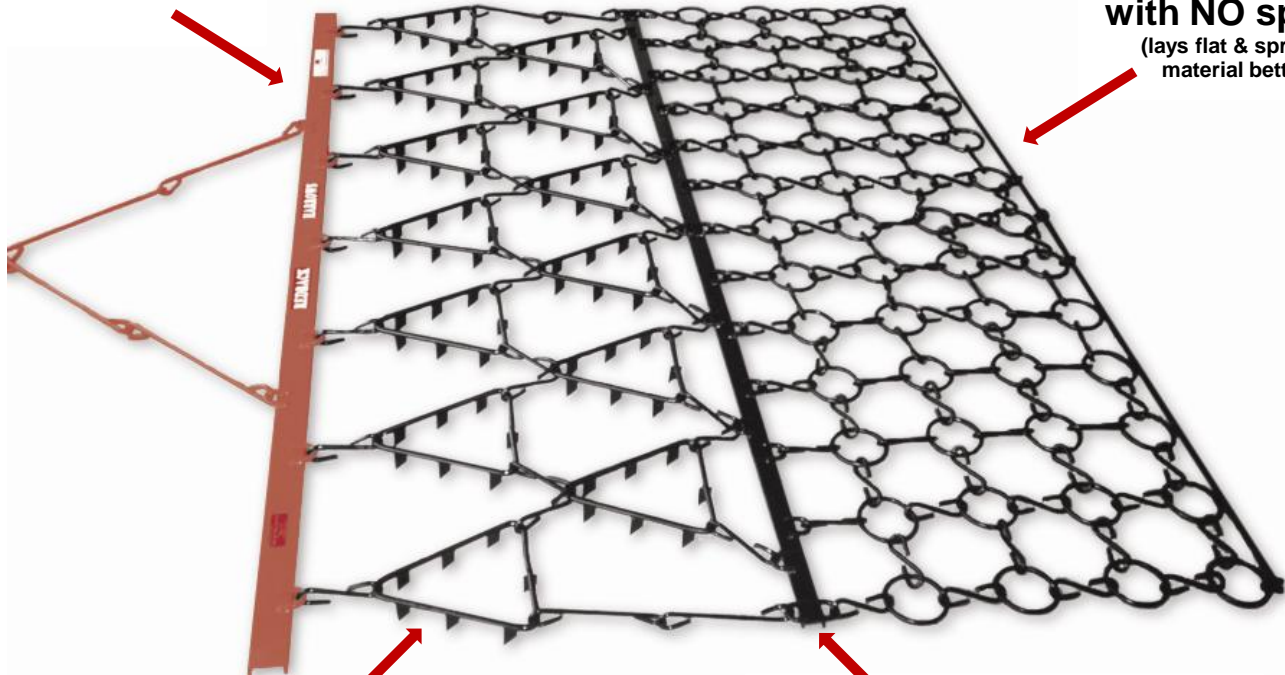

Chain Harrows

Why REDBACK Harrows are smarter....

"Wear-resistant" links & loops

Heavy Duty
Front Bar

Rows of rings
with NO spikes
(lays flat & spreads
material better)

Triangles with rigid spikes
(won't pull back under strain)

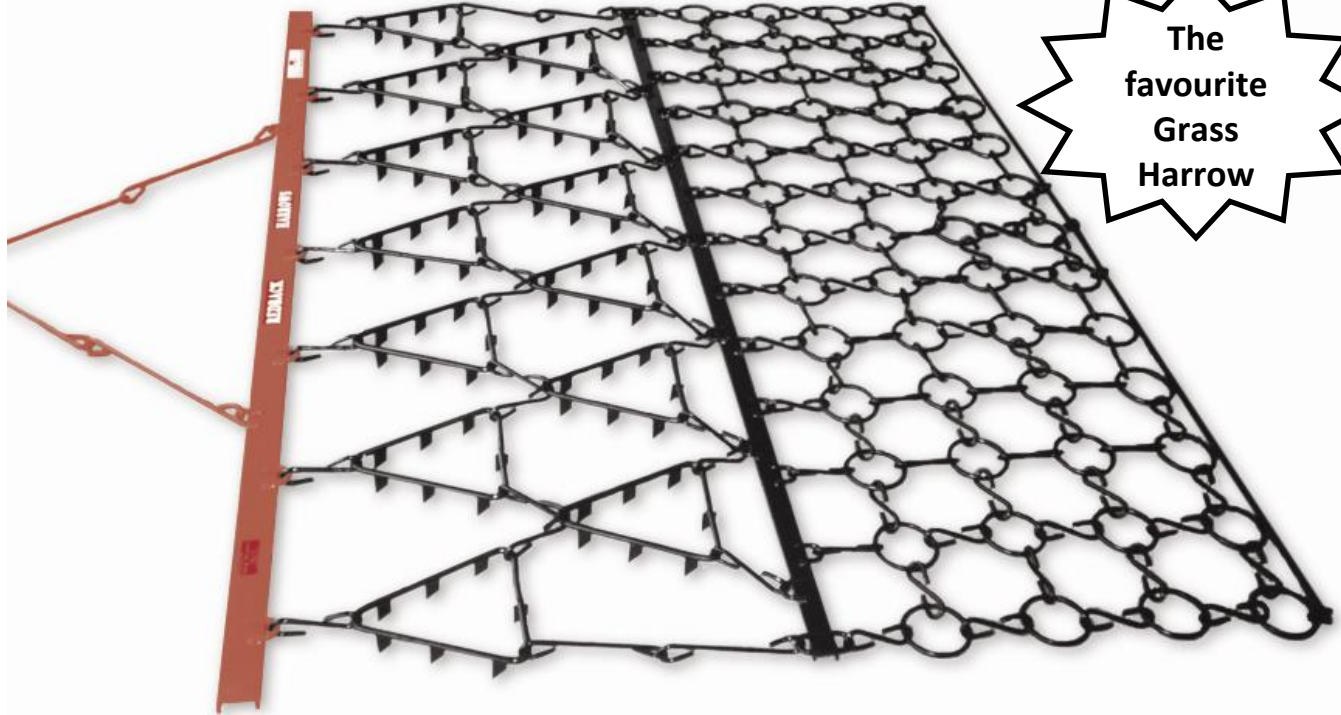

Channel middle bar
(this does a lot of levelling & smashing)

Redback... The one with the 'BITE'

Triangle & Chain Harrows

Double row of spiked 16mm triangles & 4 rows of 12mm plain chain

The
favourite
Grass
Harrow

These Harrows are ideal for use in general pasture harrowing / aerating & dung spreading. Also good for finishing cultivation.

Standard sizes available.....

2.5m, 3.0m, 3.5m, 4.0m

Depth - 2.2m

More aggression..... Pull Harrows low, or from a long chain

Less aggression..... Pull Harrows high, or shorten chain

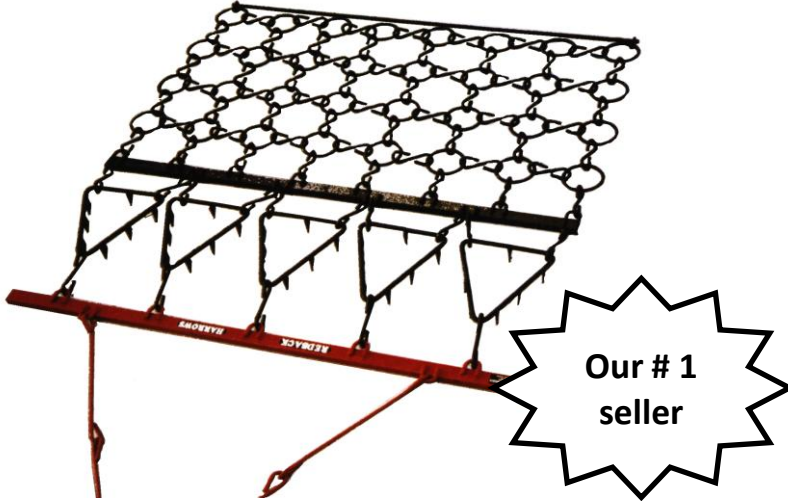

Improve your pasture - Increase your profits

REDBACK

- Proven since 1991

ATV Harrows

Single row of spiked 16mm triangles & 4 rows of 12mm plain chain

Designed specially to suit
ATV / Small tractors. Used for
general pasture harrowing,
aerating or dung spreading.

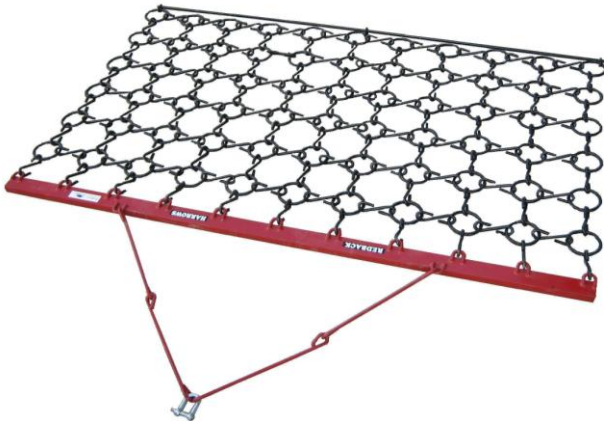

Standard sizes available.....

1.4m, 1.75m, 2.1m, 2.45m

Depth 1.7m

Economy Harrows

5 rows of 12mm plain chain (2.0m + has 6 rows and heavy drawbar)

Economy Harrows are perfect for
dung spreading without the
aggression of spikes. Also ideal
as cover behind direct drill.

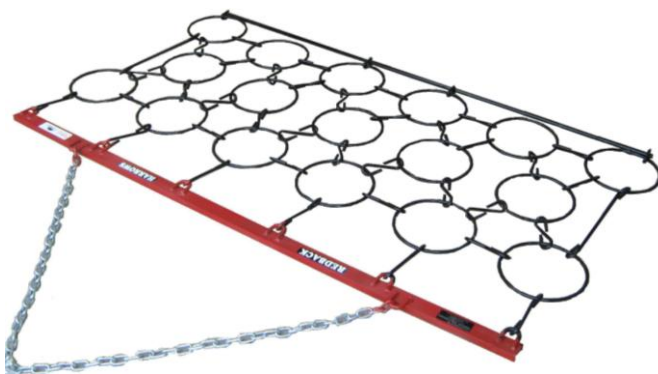

Standard sizes available.....

1.0m, 1.5m, 1.75m, 2.0m, 2.5m, 3.0m, 3.5m

Depth - 1.3m (five rows) or 1.5m (six rows)

Budget Harrows

3 rows of 10mm open chain

We have now introduced Budget
Harrow. Light and simple, they
are ideal for the small-block
farmer.

Standard sizes available.....

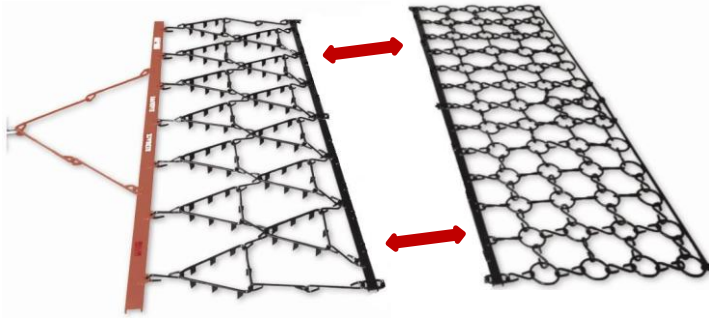

1.5m, 2.0m, 2.5m

Depth - 1.2m

Other sizes available on request

Combo Harrows

Double Row spiked 16mm triangles & 4 rows of 12mm detachable chain

Try these - Combo Harrows are two sets in one! Use as standard Triangle & Chain, or detach the back half for Seedcover Harrows.

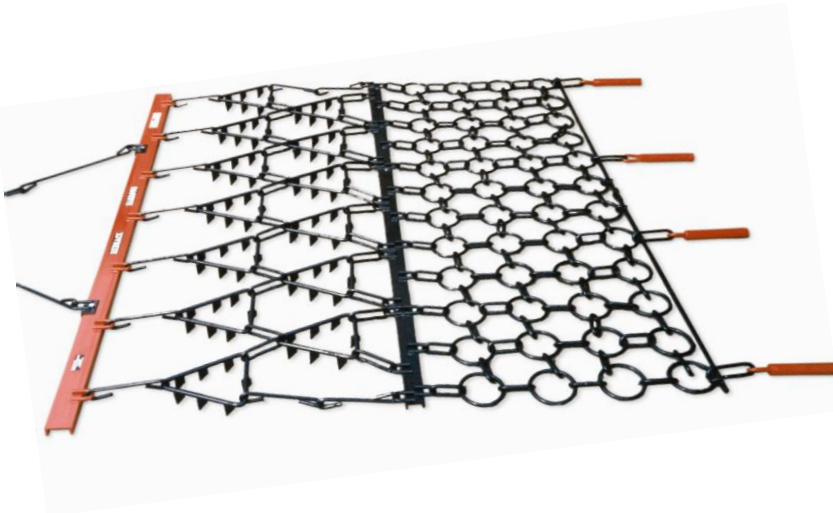

Standard sizes available.....

2.5m, 3.0m, 3.5m

Depth - 2.3m total, incl back half

Heavy Duty Triangle & Chain Harrows

Double row of 20mm triangles & 4 rows of 16mm chain

Perfect for heavy pasture aerating / harrowing, or cultivation.

Standard sizes available.....

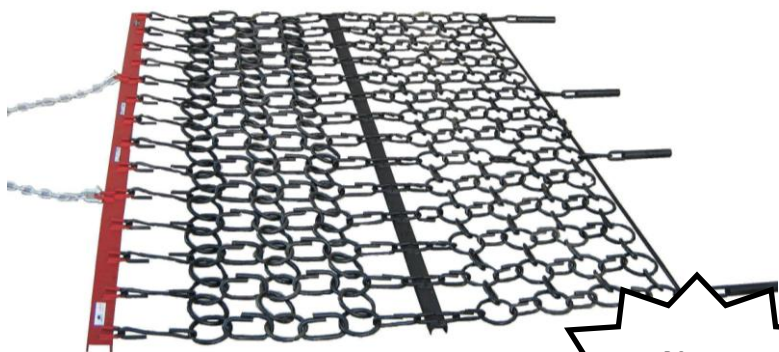

3.0m, 3.5m, 4.0m

Depth - 2.7m

Drag weights standard

Heavy Duty Double Ring Harrows

3 rows of 20mm super heavy ring-to-ring & 4 rows of 16mm chain

HD Double Ring Harrows are excellent for cultivation with higher trash content

Standard sizes available.....
