

STEPHENS
Bale Feeders
260 Series

Tough
Solid
Reliable

MAKING HARD WORK EASIER

The series 260 bale feeder is a 100% New Zealand designed and built, quality 3 Pt linkage Bale Feeder. The 260 is easily controlled with the tractor hydraulics feeding out on either side while feeding all types of round bales to either sheep or cattle.

We take Pride in the fact that these units are Efficient and Robust with features others just dream about and are designed to handle the harshest New Zealand conditions.

FEATURES:

- Feeds from both sides.
- Self aligning drive system
- Floating Toplink slot
- Locking catch centre on linkage mount for more stable & secure engagement
- Chain adjusters on feed chains
- 50mm 4140 solid bar forks
- High strength chain
- Aggressive spiked chain feeding system
- Made in New Zealand

MAKING HARD WORK EASIER

Specifications:

- All bent steel construction
- 3pt linkage Cat 2 Pins
- Hydraulic motor, via self aligning drive
- High strength 2" pitch chain 7500lb roller chain
- Length: 1900mm
- Height: 1030mm
- Width: 2100mm
- Weight: 455 Kg

QUOTED PRICE:

\$

Features:

Bales are easily loaded onto cradle with loading forks, linkage mount and loading forks are then re-engaged to cradle with locking catch securing cradle to forks.

With the forks mounted and with it's self aligning drive system, the operator stays seated through out the whole loading process.

No complicated fittings, the hydraulic couplings are easily attached to the tractor and are ready to go straight away.

High strength chains and rugged construction are a major feature of this machine. While maneuverability is excellent as the machine becomes one with the tractor.

SIMPLE - SAFE - EFFICIENT

12 Month Warranty

1: This warranty covers the repair or replacement of parts damaged as a result of faulty workmanship or defective materials.

2: Without limiting the generality of Clause 1. This warranty does not cover the following:

- a: Any costs or expenses incurred due to delay in delivery from any cause.
- b: Telephone, Tolls, Faxes, Postages, Travel expenses, Freight or any other such costs
- c: Damage or loss to the goods due to their unsuitability for any particular use except where such use has been specifically approved by the manufacturer.
- d: Damage or loss where fitting or installation of the goods has not been carried out by the manufacturer, or authorized dealer, or otherwise not in accordance with the manufacturers specific instructions.
- e: Any consequential damage or loss.
- f: Any damage or loss where the goods have been modified or repaired without first notifying the manufacturer and obtaining written permission and instructions for such modification or repair.
- g: Damage to hydraulic hoses.
- h: Damage or loss due to misuse, abuse, negligence or accident.

3: Claims under this warranty may be accepted only when the following procedure has been adhered to:

- a: The manufacturer must be advised of the details of the damage or loss and the circumstances in which such damage or loss occurred.
 - b: The manufacturer will then decide if such damage or loss is within the terms of this warranty, and shall, if covered by this warranty, issue instructions for the repair or replacement as deemed necessary.
 - c: The manufacturer shall advise of the sum allowed for such repair or replacement if any party, other than the manufacturer, undertakes such repair.
 - d: Any party, other than the manufacturer, undertaking repairs that are subject to a claim under this warranty must first obtain an official Order No. from the manufacturer.
 - e: Further repairs that may become necessary as a result of repairs made by any party, other than the manufacturer, will not be covered by this warranty.
- 4: This Warranty in no way guarantees the performance of the goods in any particular circumstances. Such guarantees are provided in terms of the Fair Trading Act and Consumer Guarantees Act as these Acts may be applied or interpreted.
