Highland Headbail

\$850 +GST (\$977 incl GST)

Top and side bars prevent animals from pushing through from behind while being used as a gate.

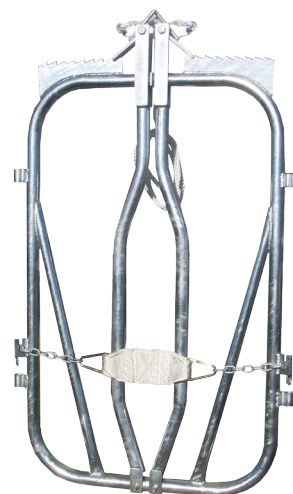

Supplied with straight or shaped yoke.

Non trapping yoke can be moved to either of two positions.

Suitable when only one animal is being treated as there is a gap for other animals to push past.

Non trapping yoke welded to frame.

For animals with wide horns.

Double ratchets for double opening yoke.

Horizontal webbing clips on as required.

Features

- Can be left or right hung.
- For use with dairy and lifestyle animals.
- Headbail locked from behind by pulling rope.

Dimensions

- Outside Frame 800mm
- Inside Pipe Frame 720mm
- Height 1300mm
